YATICORP

EMPOWERING EDUCATION

AI Shikshak is an initiative by **Yaticorp India Private Limited**, an EdTech company dedicated to bridging educational gaps with cutting-edge technology. With a deep understanding of student needs, we have created personalized learning tools that make quality education accessible to anyone anytime anywhere.

AI Shikshak – Learning is now Simple, Smart and 24x7!

What is AI Shikshak?

- It is a cutting-edge AI-based learning platform.
- It is NCERT-aligned for the complete student syllabus.
- It provides instant doubt clearance and personal guidance 24 hours a day.
- It helps make learning more practical and effective.

Courses and Curriculum: Learning Aligned with Your Goals

AI Shikshak provides complete, NCERT-aligned content, ensuring that your learning is perfectly matched to your school syllabus and educational goals.

Academic Level	Key Focus
KARNATAKA STATE SYLLABUS Class 5th to 10th	<ul style="list-style-type: none">• Structured Chapter wise learning• Instant Doubt Solving with real life examples• Board Exam Pattern & Answers• MCQ• Important Questions• Practise Questions• Solve problems and instantly check your answers• Correct & Accurate Explanation• 24*7 availability
CBSE Class 5th to 10th	
KARNATAKA STATE 1st and 2nd PUC - Science	

WHY is AI Shikshak necessary for every student?

Because the way Students study has changed – but the support system hasn't.

- AI Shikshak solves doubts at the moment they arise – which is when learning actually happens.
It teaches the exact Syllabus – Nothing Extra, Nothing Missing.
- AI Shikshak is built only for scoring and understanding, not distractions.
- Students Need Immediate Help, Not Delayed Help.
- Students Are Studying Alone Most of the Time.
- Every Student Learns at a Different Speed.
- Every student need AI Shikshak because no student should be confused, or stressed – especially when exams decide their future.

How to Get Started with AI Shikshak?

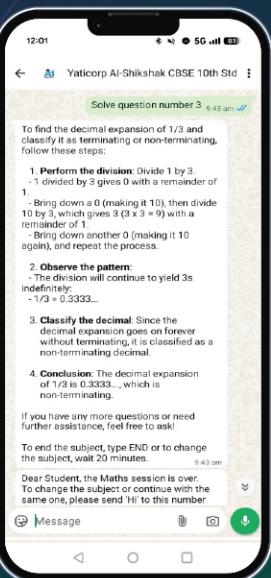

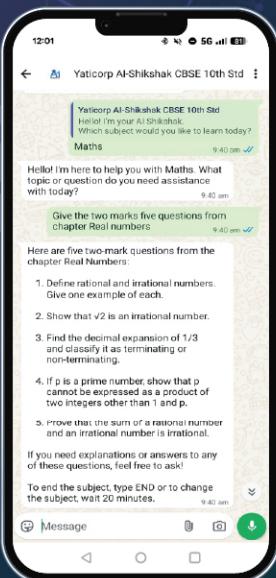

1. Choose the subject you want to work on.
2. Consider any chapter and ask for summaries, notes, or explanations.
3. Ask doubts in simple language.
4. Take a photo of the question and send.
5. Practice MCQs & exam questions.
6. Type END to switch subjects.

How to Use

AI Shikshak offers two simple ways to communicate via WhatsApp:

1. Through Typing

Type your question directly in the WhatsApp chat, just as you would ask a teacher in class.

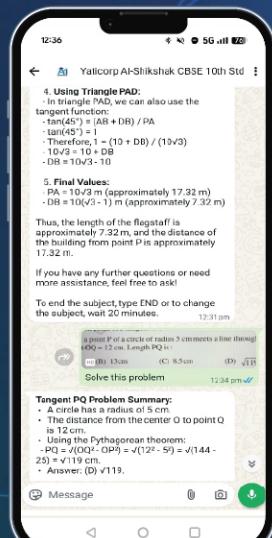

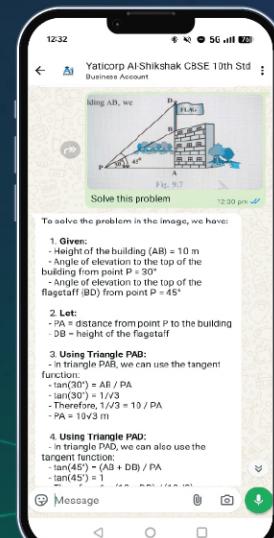

2. Send Photos

If typing takes too much time, upload an image of your question.

• Images: You can upload pictures of textbook exercises, handwritten notes, or printed worksheets.

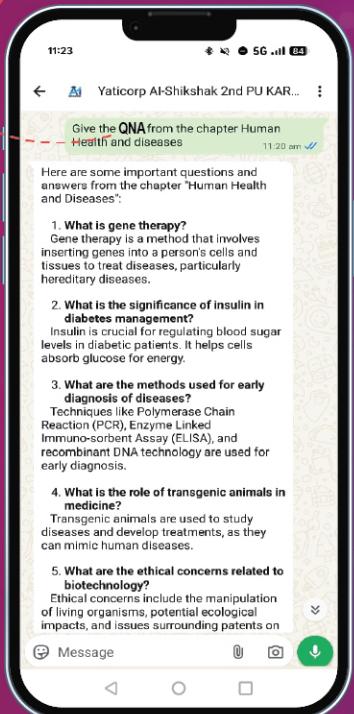

• Important Note: To get an accurate answer from AI Shikshak, please ensure the image sent is clear. If it is a handwritten note, ensure that the writing is legible.

Smart Learning Commands

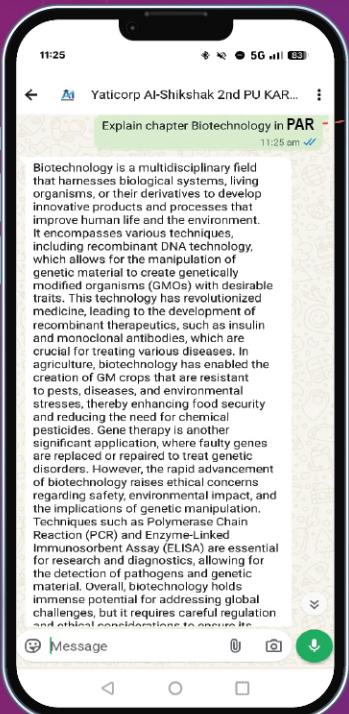

Use the following commands to interact efficiently

Type QNA to view complete Q&A sets.

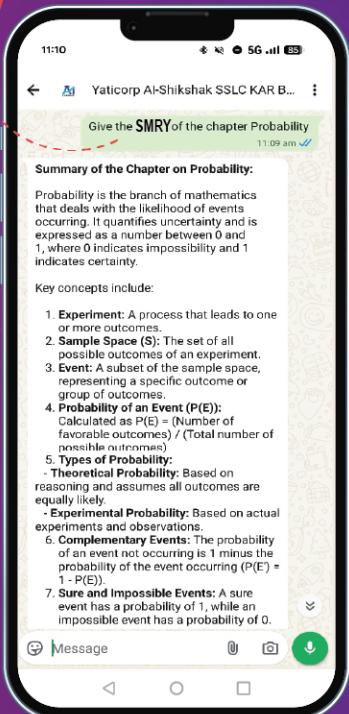

Gives both questions and answers together in sequence.

Type PAR to get the same answer in paragraph form.

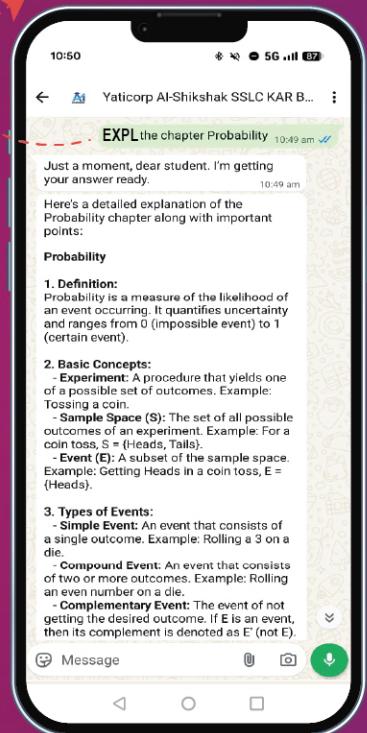

Converts the answer into a paragraph format for smooth reading.

Type SMRY for a short summary.

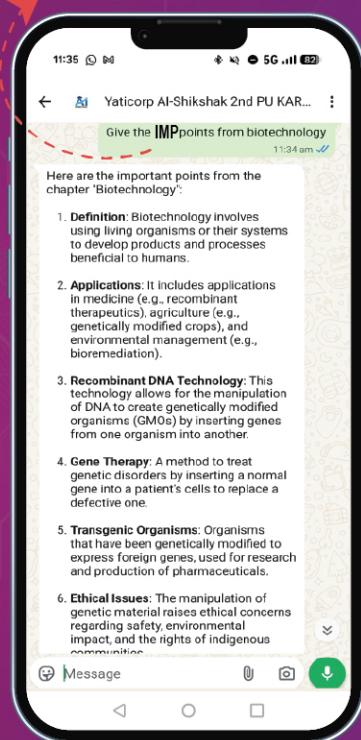

Gives a summary or half-length version of the explanation.

Type EXPL for an extended explanation.

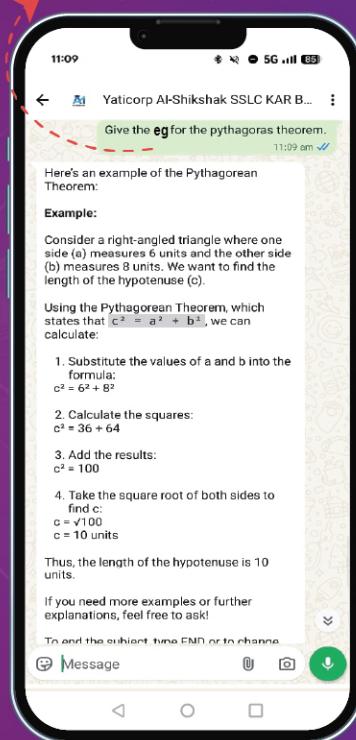

Expands or elaborates the answer with detailed explanations and examples.

Type IMP to see key highlights or important notes.

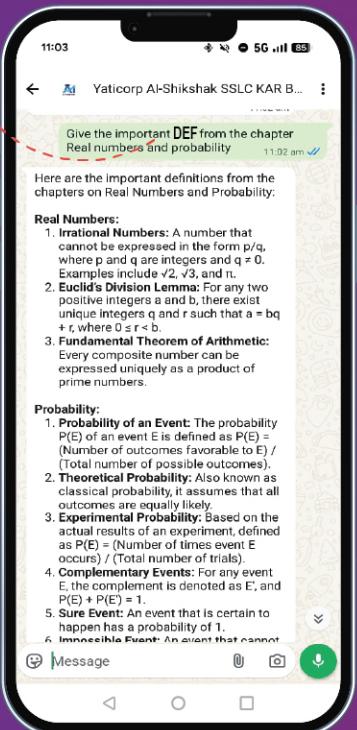

Highlights important or exam-focused points only.

Type eg to get examples of any concept.

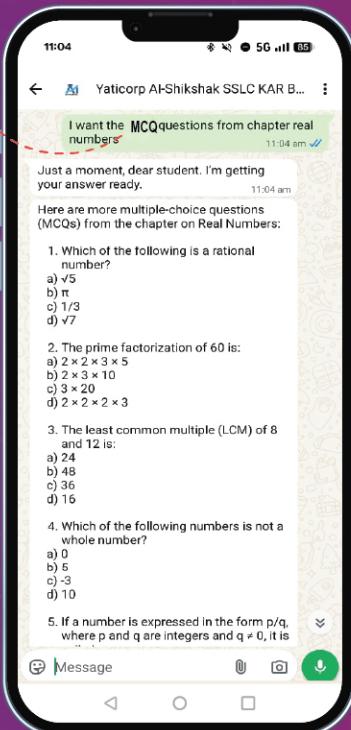

Gives real-life examples for any given topic, concept, or answer.

Type DEF for quick revision notes.

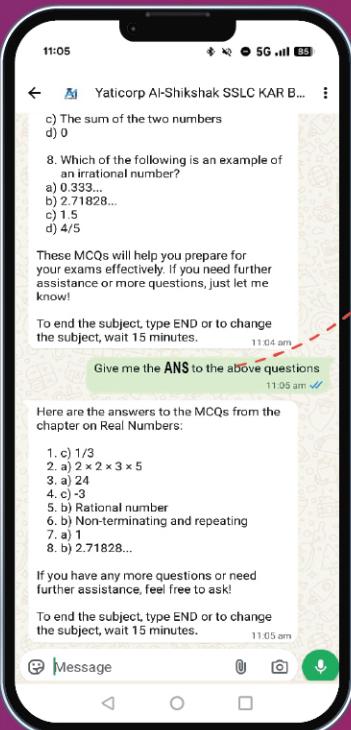

Shows only definitions, formulas, or key terms from the content.

Type MCQ for Multiple Choice Questions.

Gives the multiple choice questions along with their options.

Type ANS for direct answers.

If you have any more questions or need further assistance, feel free to ask!

To end the subject, type END or to change the subject, wait 15 minutes.

Displays answers only for the listed questions (without explanations).

Exam Preparation and Bridging Learning Gaps

AI Shikshak doesn't just resolve doubts; it systematically structures your exam preparation.

- **Real-World Connection:**

AI Shikshak explains every concept with real-life examples. For instance, it explains how chemical reactions occur in daily life or how mathematical formulas apply to technology. This helps students understand the importance and application of the subject and remember concepts for a long time.

- **Last-Minute Revision:**

AI Shikshak is ideal for revising the entire syllabus the day before the exam, enabling more effective study in less time.

- Use the **SMRY** command to instantly get the main points of any lesson.
- Use the **IMP** question command to highlight exam-oriented questions.

This enables more effective study in less time.

- Time Saving and Efficiency:**

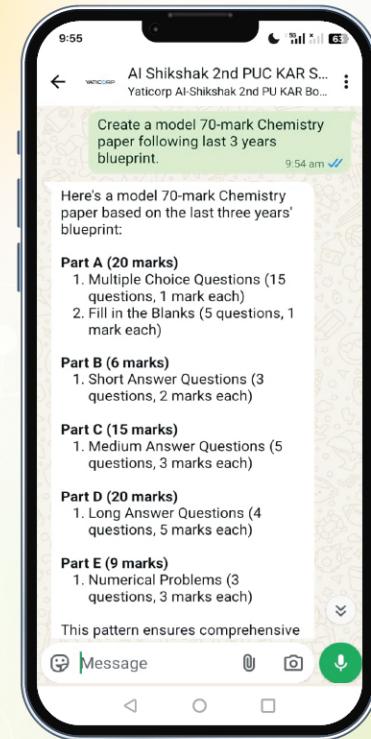

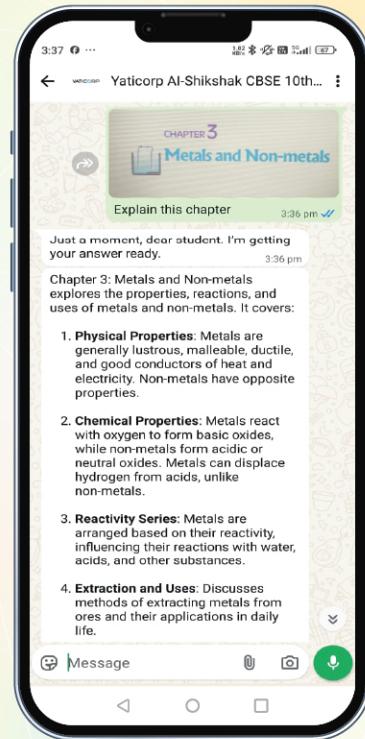

There is no need to wait for a tutor or teacher to be available for every small doubt. It is available 24 hours a day.

- Model Question Papers for Exam Practice:**

AI Shikshak provides complete Model Question Papers and question banks according to your exam Pattern and Marking Scheme.

- Digital Skills Development:**

Regularly interacting with the AI platform promotes essential digital literacy and sharpens questioning technique—the ability to instantly get answers highly motivates the student toward academic success.

How is the Registration Process?

Follow these simple steps to activate AI Shikshak:

1. Send a message "Hello Yati" to the official AI Shikshak WhatsApp number: +91 91081 31162.
2. Select your class and pay the fee:
